It has provided me with a powerful set of real-life skills and core character traits that helped me in my daily life. I also managed the overall Audio & Video system at MSB from Grade 7 to 12 for morning assemblies and all school events.
My role in the activity	During the years I served as a Prefect, my role was to follow the instructions given by my superiors to ensure discipline among other students. Later, when I received the title of House Captain, my duty was to lead and supervise the Prefects of my respective House and guide them as to what their duties are and report the issues they face to my superiors. I also represented my school during various inter and intra school events, especially whenever external guests were invited.
